re: Coal Creek Distribution

Dear Sir:

Several requests have been made for payment of the premium on the bond of J. T. Leigh, Water Commissioner, with no response. The last letter written to you regarding this matter was dated September 8, 1942.

The American Surety Company demanded payment and I paid the premium on September 16, 1942.

Will you kindly reimburse me at once as I cannot properly carry an account in this manner?

Very truly yours,

Ed. H. Watson,
State Engineer.
